

Dhruva Advisors LLP and Taxsutra are pleased to invite you for an exclusive webinar on ‘The BEPS Multilateral Instrument (MLI) – Indian implications’

The Organization for Economic Cooperation and Development (OECD) has released the draft of the Multilateral Instrument negotiated by over 100 countries. This instrument is intended to incorporate treaty related measures forming part of the final BEPS Reports into the global tax treaty network.

This is undoubtedly one of the most radical developments in the world of international tax, and could have a very profound impact on cross-border economic activity. The webinar will discuss the impact of the MLI on India’s treaty network, and analyse its impact on structures and transactions involving India.

The discussions will be led by Dinesh Kanabar, CEO of Dhruva Advisors and will be moderated by Arun Giri of Taxsutra.

Date: December 13, 2016
